SUBJECT: MALAWI: DEMARCHE RE IRAN'S NUCLEAR PROGRAM

REF: 10 STATE 9124

CLASSIFIED BY: Kevin Sullivan, Deputy Chief of Mission; REASON:
1.4(B), (D)

[1](#)1. (SBU) DCM conveyed points in reftel demarche Feb. 10 to Anthony Livuza, MFA Principal Secretary and Paul Chiunguzeni, MFA Director of Political Affairs. Both appeared well briefed on the issues.

[1](#)2. (C) Livuza replied that he understood that the USG had made considerable efforts to reach out to the Iranian regime concerning its nuclear program, in cooperation with other members of the international community. He agreed that Iran had failed to take advantage of these opportunities. Livuza indicated that the GOM would support additional measures to apply pressure on Iran to comply with its IAEA obligations. "We will support anything that will restore sanity to this situation," he concluded.
